Indoor Digital Totems – Display and Touch

Technical specifications · models DPI/INTO/32 to DPI/INTO/65

The touchscreen totem is now a must-have for retail chains, shop windows, shopping centres, trade fairs and public spaces. With intuitive, pleasant navigation, the LCD touchscreen totem delivers dynamic, interactive communication.

Design

- A premium design with elegant lines.
- A vertical steel structure with an aluminium frame, housing the LCD screen and electronics.
- A base that allows the totem to stand freely on the floor.

Optional accessory

Braked castors for video totems, supplied in packs of four.

Image

Full HD 1920 × 1080 LCD and UHD 4K 3840 × 2160 screens. 500 cd/m² brightness. High picture quality, flicker-free and low radiation, greatly reducing eye strain, with high brightness and contrast and a wide viewing angle.

Progressive image processing, together with motion compensation and dynamic contrast technology, improves image clarity and contrast.

Connectivity

- RJ45 + Wi-Fi + USB + Bluetooth.
- Connect a USB mouse or keyboard, just like a tablet.
- HDMI output/input (optional).
